

| S.N | OBJECTIVES                                                | PAGE NUMBER | SIGNATURE |
|-----|-----------------------------------------------------------|-------------|-----------|
| 1   | Write a program to implement GCD algorithm                |             |           |
| 2   | Write a program to implement Binary and Sequential search |             |           |
| 3   | Write a program to implement Bubble Sort                  |             |           |
| 4   | Write a program to implement Selection Sort               |             |           |
| 5   | Write a program to implement Insertion Sort               |             |           |
| 6   | Write a program to implement Merge Sort                   |             |           |
| 7   | Write a program to implement Heap Sort                    |             |           |
| 8   | Write a program to implement Quick Sort                   |             |           |
| 9   | Write a program to implement Fractional Knapsack          |             |           |
| 10  | Write a program to implement Huffman Coding               |             |           |
| 11  | Write a program to implement Dijkstra's Algorithm         |             |           |
| 12  | Write a program to implement Floyd Warshall Algorithm     |             |           |
